Parent Information

Year 6 Greater Depth Writing

Attached to this email are some examples of greater depth writing from Dr Fawell's Year 6 group. We think they are absolutely brilliant and wanted to share them with you!

School Fete Fundraising

Our school fete that took place at the end of last month raised a fabulous £2845! Thank you again to everyone who helped organise and took part in a fantastic event. The money will be put into our fundraising pot and we will be asking the children next term what they would like to use the money for.

Summer Reading Bingo

Look out next week for our holiday reading challenge that will be sent out for all children to complete over the holidays.

Attendance

School start times

Just a reminder that school starts at the following times and all children must be in their classrooms, ready to learn by these times:

Nursery – 8:30am or 12:20pm

Reception, Year 1 and Year 2 – 8:40am

Years 3, 4, 5 & 6 – 8:45am

Updated policy and procedures

Our attendance policy and procedures will be updated over the holidays to reflect the changes and expectations in the government's new attendance framework. Information will be sent to parents.

As a result of us participating in the Superbloom project and our recent science 'bee week' we have achieved the Gold Award from the Bumblebee Conservation Trust for being a 'bumblebee friendly school'.

Superbloom!

On Wednesday 3rd July, our Gardening Club and Healthy Schools Team were very excited to be invited to the Tower of London to attend a celebration day as part of the Superbloom project that they have been taking part in. Children were able to see the Crown Jewels, hunt for the famous tower ravens, walk around the wildflower filled moat and then take part in a ceremony with other schools. During the ceremony, we were presented with a special plaque by the Chief Yeoman Warder and the Yeoman Gaoler. Everybody had a wonderful day. Gardening Club are looking forward to continuing the work they have started in the sensory garden and also to attracting as many bees as we can in the future.
